

GRAND ARMY BUGLE NOTES.

MANY LETTERS OF CONGRATULATION FOR COMRADES PALMER AND ROBERTS.

SOLDIERS HAPPY AT THEIR ELECTION—MANY POSTS TO CHOOSE OFFICERS.

The hundreds of letters and telegrams which Comrades John Palmer and James A. Roberts have been receiving from their old comrades-in-arms since Tuesday congratulating them upon their triumph election to the offices of Secretary of State and Controller furnish some evidence of the feeling of gratification which permeates the ranks of the Grand Army of the Republic in consequence of the glorious victory. The success of these comrades was exceedingly near the heart of the Grand Army in this Department, and the great majority of the members of the Grand Army of the Republic, through the efforts of the convention which placed Comrades Palmer and Roberts in nomination, that they seem to have voted, not only for the Grand Army candidates, but also for their associates on the ticket. The result is therefore received with joy and pleasure by ex-Union soldiers generally, and veterans, sons of veterans, grandsons of veterans, and others are naturally taking some of the credit to themselves for assisting in the placing of these comrades in the Grand Army of the Republic. There are in this State nearly 100,000 voters who responded to the country's call thirty odd years ago, about half of whom are members of the Grand Army. But whether inside the order or not, their interests are identical. There is a strong feeling abroad which would the defeat of the class of post-war men, the credit which is their due, and would, if it could be done, blot out the remembrance of their valor and sacrifice was most timely and must result in good.
